One Tiny Light

Imagine that you are in a huge cave 250 feet below the surface of the earth. You're down there with about 40 other souls. The cave is artificially lit, as no daylight ever reaches its interior. Suddenly the lights go out. The darkness closes in and encases you like a velvet glove. You can't see your hand in front of your face. No one makes a sound. Total darkness. Total silence. Total stillness.

Then your guide strikes a tiny match. The thick darkness disappears like magic and your eyes take in a marvelous scene. The light from that one match illuminates the whole cave quite clearly. You can see everyone there. Amazing! All it takes to dispel the darkness of that huge, dark cave is just one person's tiny light.

And the old saying, "let your light shine" takes on a deeper, more spiritual meaning.

You don't have to overwhelm those you meet with your bible knowledge, wisdom, or church accomplishments. Why use a floodlight when an ordinary lantern (or even a candle) will do?

By all means let your light shine—Make it inviting, not blinding!

Happy Thanksgiving

Psalm 107:1 "Give thanks to the LORD, for he is good; his love endures forever." (NIV)

Give thanks to the Lord,
for He is good; His love endures forever.
- Psalm 118:1

Short, Clean and Funny

After going over the church finances for the week, the church secretary found a receipt from the local paint store signed by someone named Christian.

Not being aware of anyone buying paint, she called the establishment to inquire about this apparent mistake.

"I'm sorry," she told the manager, "but there are no Christians here at First Baptist Church."

Who said that?

"Humility is not thinking less of yourself, it is thinking of yourself less." -C.S. Lewis

John 3:30 says it like this, "He must become greater and I must become less."
